

# ■ Equipment Reliability & Failure Analytics Report

Generated: 2026-02-07 11:56:44

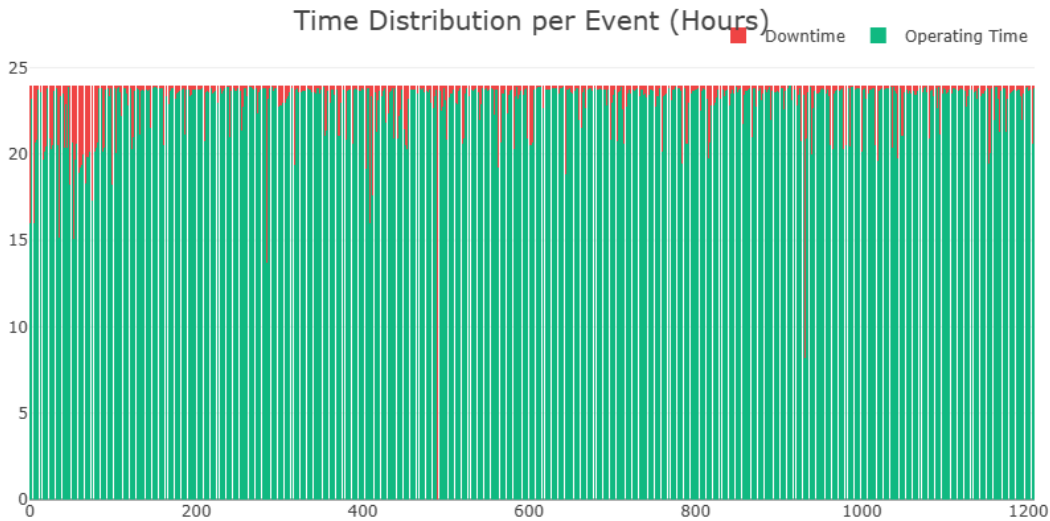

## ■ Failure Rate Analysis

| Metric                       | Value     |
|------------------------------|-----------|
| Total Failures               | 1,206     |
| Total Operating Time (Hours) | 27,708.18 |
| MTTF (Hours)                 | 22.98     |
| Failure Rate ( $\lambda$ )   | 0.043525  |

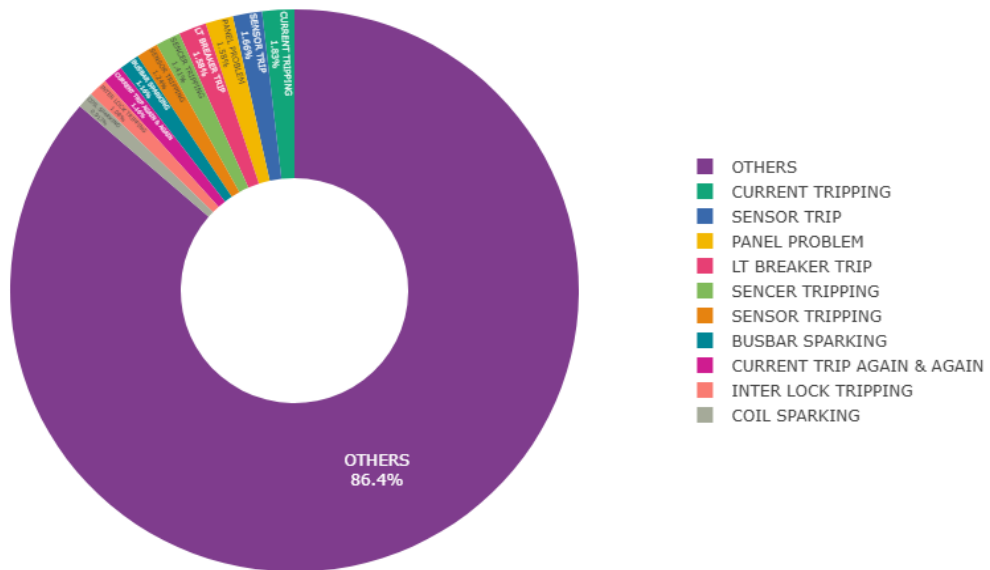

## ■ Repair Rate Analysis

| Metric                    | Value    |
|---------------------------|----------|
| Total Repairs             | 18       |
| Total Repair Time (Hours) | 66.92    |
| MTTR (Hours)              | 3.72     |
| Repair Rate ( $\mu$ )     | 0.268991 |

Failure Reasons Distribution (Top 10)

## ■ Multi-Sheet Cost Summary

| Sheet Name | All Repair Cost | Exclude MAINTENANCE |
|------------|-----------------|---------------------|
| Electrical | 36,682.00       | 621.00              |
| process    | 19,823.00       | 19,445.00           |
| Mechanical | 67,991.00       | 221.00              |
| thermal    | 17,629.00       | 17,629.00           |
